Project Name	CUSTOMER CARE REGISTRY

IBM Cloud Account:

The screenshot displays the IBM Cloud Dashboard in a web browser. The browser's address bar shows 'cloud.ibm.com'. The dashboard header includes the IBM Cloud logo, a search bar, and navigation links for 'Catalog', 'Manage', and 'SABARISH T's Account'. The main content area is titled 'Dashboard' and features a 'Create resource' button. Below this, there are five cards for quick actions: 'Build' (Explore IBM Cloud with this selection of easy starter tutorials and services.), 'Monitor your resources' (Get visibility into the performance and health of your resources.), 'Create and deploy an application' (Browse our starter kits, and then select one to jump start the process to create and deploy your app.), 'Get started with machine learning + Watson Studio' (Build, run and manage AI models. Prepare data and build models anywhere using open source code or visual modeling. Predict and optimize your outcomes.), and 'Build with Watson' (Chatbots, insights, recognizers, and more. Explore the AI platform for business.). Each card has a 'Getting started' button and a time estimate (5 min, 5 min, 10 min, 3 min). The bottom section of the dashboard includes 'User access' (Manage users), 'News' (Announcing IBM Cloud Pak for Network Automation), and 'Planned maintenance' (View all). The Windows taskbar at the bottom shows the date and time as 09:22 PM on 29-10-2022.
